Career Objective

Motivated B.Tech CSE (AI/ML) student with strong problem-solving abilities and hands-on experience in web development, data structures, and machine learning. Seeking internship opportunities to apply technical knowledge and contribute to real-world projects.

Education

- **Pranveer Singh Institute of Technology** 2023–Present
Bachelor of Technology in Computer Science and Engineering with AI/ML
CGPA: 6.64 (Till 5th Semester)
- **Youhe Public School** 2022
Intermediate (Class XII)
Percentage: 67.83%
- **Youhe Public School** 2020
High School (Class X)
Percentage: 84.16%

Technical Skills

Languages: C, C++, Java, Python

Web Technologies: HTML, CSS, JavaScript, React.js, Node.js

Machine Learning / Data Science: NumPy, Pandas, Scikit-learn, Matplotlib, TensorFlow, Streamlit

Tools: Git, GitHub, VS Code

Core Subjects: Data Structures, DBMS, Operating Systems, OOPS

Projects

Fake News Detection System *Machine Learning, NLP*

- Developed an AI-powered application to classify fake and real news articles using Machine Learning and Natural Language Processing.
- Applied preprocessing techniques such as tokenization, stop-word removal, and TF-IDF feature extraction.
- Trained classification models to improve prediction accuracy and credibility analysis.
- Built a user-friendly interface for real-time news verification.

Finance Tracker App *React.js, Node.js*

- Built a responsive web application to manage income, expenses, and savings efficiently.
- Implemented expense categorization, transaction history tracking, and budget monitoring features.
- Designed dashboards and charts for financial analysis and better user experience.

Media and Text Summarizer App *Python, NLP*

- Developed an NLP-based summarization system to generate concise summaries from lengthy text and media content.
- Improved readability and reduced information overload using text processing techniques.
- Added a question-answer feature to allow users to ask queries based on summarized content.

Achievements

- Solved 400+ coding problems across different coding platforms.
- Achieved 5-Star rating in HackerRank Problem Solving.
- Achieved 4-Star rating in HackerRank C++.

Certifications

- Problem Solving (Basic) – HackerRank
- Python (Basic) – HackerRank
- SQL (Intermediate) – HackerRank
- Introduction to Git and GitHub – Coursera
